New units, more big maps, more fun!. The DLC adds several new scenarios, and new maps that focus on larger team battles which are great for casual play against the AI wit hsome friends. The new frigates help introduce more options in the early game as well, as previously each race had only a couple of options for low teir combat units.. Amazing DLC, adds so many new things to do. The maps look beautiful, as do the new units. You can see so much love and work has been put into it, and it's fairly cheap too. I say this is one of the DLC's that someone needs to get.. YES, more Multi-Player BIG maps! Also great fun is 4 teams of 3 players (or 3 teams of 4) in a 12 Multi-Player map, co-ordinating a team in a RTS game is fantastic fun in team vs. team vs. team vs..
